SUMMARY

Skilled user interface and user experience designer with expertise in creating visually appealing and intuitive user interfaces for web and mobile applications. Proficient in Figma, Adobe XD, and other design tools. Passionate about delivering exceptional user experiences and staying up-to-date with the latest design trends and techniques.

PROJECTS

Real estate investment
UX/UI   Jul 2023

• Used my skills in user interface design and development to create a user-friendly and intuitive interface for a real estate investment app. The app was designed to be easy to use for both beginners and experienced investors. (Figma link)

Esmani app
UX/UI   Mar 2023

• I designed the user interface for my graduation project, which is a voice-based communication application.
• The goal of the program is to transmit the teacher's voice to all students clearly, so that even in a large lecture hall, everyone can hear the teacher clearly. (Behance link)

Programming courses app
UX/UI   May 2022

An application to learn all programming languages, with tests to track your progress, and it includes a personal electronic assistant to help you in your educational stage. (Behance link)
